Voodoo

Allen Stone

What kind of voodoo do you do?
What kind of voodoo do you do, do, do?
What sort of witchcraft have I walked into?
Darling, what kind of voodoo do you do?

You're sweet and sour
That nuclear power flowing under your skin (under your skin)
Yeah, you make me nervous cause my defense is worthless
You get under my skin, hey

What kind of voodoo do you do?
What kind of voodoo do you do, do, do?
What sort of witchcraft have I walked into?
Darling, what kind of voodoo do you do?

My palms feel sweaty
It seems your spell's already taking over me (taking over me)
Your love's like venom
And once the poison sets in, I can't get enough

What kind of voodoo do you do?
What kind of voodoo do you do, do, do?
What sort of witchcraft have I walked into?
Darling, what kind of voodoo do you do?

What kind of voodoo do you do?
What kind of voodoo do you do, do, do?
What sort of witchcraft have I walked into?
Darling, what kind of voodoo do you do?
