Hello, I'm 15-year-old Lee Hyunbin from Seoul  
Hello, I'm 17-year-old Shin Jeongmin from Seoul  
Hello, I'm Kim Jihwan from Daegu  
Hello, I'm Masami from Japan  
Hello, I'm 19-year-old Lee Kunho  
Hello, I'm 17-year-old Kim Minje  
Hello, I'm 18-year-old Cho Youmin from Gwangju

Hey, uh, you're here?  
After exchanging awkward greetings  
I ponder what to say  
After much deliberation, I speak  
We're from Gangneung, Gwangju, Daegu

Seoul, and Osaka

We want to ask each other many things, but we can't organize it

My mind is spinning around and around

Saying I'm better at this

Yeah, this is my part

We each want to do it our own way

I couldn't understand

When will this argument that suddenly started end?

We hated each other, it was so exhausting

Now, I don't know either

Everything's different, yeah, yeah, yeah, yeah, yeah

We live different lives, but we meet, oh, yeah

We are different from each other, wanting a lot

I don't recall meeting you

I was anxious every day

It felt like burning in the fire

Really, I can't stand it

I can't match with him, yeah

Before we knew it, spring passed, and winter came

More than the first time we gathered in May

Let's go, we go, we are high, high, higher

Now, you and I run together towards our dreams

We are, we are, we are ALL(H)OURS

We are, we are, we are ALL(H)OURS

We can take it to universe that you ain't never seen

Dive deeper into the light

We are, we are, we are ALL(H)OURS

We are, we are, we are ALL(H)OURS

Take it, take it, take it, take it, all our stars

Our dreams come true, we never falling down

Misunderstandings, no way, at that time we didn't know each other

Now we smile just by looking at each other, all day, thanks to the holiday

Let's move, we together, taking care of each other wherever

Even if we see each other every day, it's not boring at all, forever, yeah

Now we even know each other's secrets, yeah

Let's talk about whatever we want

Say anything, let's get closer, say anything you want

We will be the only one team, show all ours at all hours

Never going back to our 2020

We've become better, like it

Creating good memories, pop it

All ours now, prove it through music

Step by step, step on, high five

Now it's the beginning, highlight

We show us all hours, now

More focus on our dive

Before we knew it, spring passed, and winter came

More than the first time we gathered in May

We've walked a long path

After seeing each other's blood and sweat

We fought a lot, but we got to know each other more

From now on, we cry with joy, what?

We are, we are, we are ALL(H)OURS

We are, we are, we are ALL(H)OURS

We can take it to universe that you ain't never seen

Dive deeper into the light

(Ayy-oh, ayy-oh, oh, ayy-oh)  
Leave your worries behind  
(Ayy-oh, ayy-oh, oh, ayy-oh)  
Run towards the future  
(Ayy-oh, ayy-oh, oh, ayy-oh)  
Relax your mind from now on  
(Ayy-oh, ayy-oh, oh, ayy-oh, ayy-oh)  
We're always by your side
