24 minutes to the 7th floor
You know I'm riding in the lift behind a metal door
Here's 1, here's 2, here's 3, here's 4

Elevator people with their own affairs
We go up and down the building, we don't take the stairs
There's 5, there's 6, there's 8, there's more
ETA 24 minutes to the 7th floor

Boys and girls have come and gone now
I keep going up and down
Doors are sliding, who's out there now?
Please step in, I won't get out
