

Another Self

Allie X

I'm walking on air, now
I can't feel a thing
Cause i'm free
I'm free
Don't talk to the (?)

Please you?
No, please me
It's time that I fight for me
For once, i'm gonna see

Have you ever seen visions of another self?
Have you ever been the person you dreamed to be?
Yeah, when was the first time you felt free?
Have you ever seen visions of another you?
Someone with the grace and drive
Baby, the new?
Once upon a time
Once upon a time
Maybe in another life
Maybe in another life

I'm walking to the end, now
I'm walking to the end, now
I can't stop the (?)

Glimpses of another self
Glimpses of this destined hell

Reality was transparent to desire
Now I try and put out this fire
