

Cape God Theme

Allie X

In Cape God, in Cape God
We live in between the salty sea and sky above
In Cape God, in Cape God
We live in between the salty sea and sky above

There is a fire and nobody remembers
But just close your eyes, you can feel it in the winter
When the surface is frozen
The people are swimming beneath it

In Cape God, in Cape God
We live in between a rising high and angry God
We live in between a rising high and angry God
