

Elevator

Allie X

Lock, the, door
As I waited in the elevator
I never thought that you would change my life
I never knew that I could be so wrong, so wrong

But now you're in a tent
Beneath the white sheets and linen
And you go in for the kiss, kiss, kiss
And she just lies there, she screams it's fun, but I don't

Cause I'm still here, and I need a hint of you
My body's shaking in my veins from red to blue
I know you're just my friend, but a friend would be helpful too
You bastard you made me fall in love with you

So we watch a movie
And check your cellphone minutely
And you don't want to sit on the same couch
You wait for the credits so you can dash outside, of our house
Our hou-ou-ou-ouse

Cause I'm still here and I need a hint of you
My body's shaking in my veins from red to blue
I know you're just my friend, but a friend that'd be helpful to
o
You bastard you made me fall in love with you, you

Oh, oh oh oh oh (4x)
