

It Gets Better (It's Worse Than Ever)

Allie X

In a way it gets better
In a way it's worse than ever
Love is fickle, love is fleeting
Oh, I took a beating
But they say it gets better
I suppose it does forever
And I want to say I'm sorry
You have lived this story
Guess that I'll be getting on my way

Getting on my way
La, la, la, la, la
Getting on my way
