

Regulars

Allie X

Out in public
'Cause I learned a new trick now
See, I'm laughing
Don't I look so happy now? Oh wow

I'm with the regulars
I'm with the regulars

Now it's easy
They believe when I pretend, pretend
We've been worried
We just wanna see you win, see you win

I'm with the regulars
I'm with the regulars
Just like I never was
Just like I never was
And I'm outside

Oh, what a feeling
Hanging off a building
With the regulars

Oh, what a feeling
Hanging off a building
With the regulars

I got my reasons
Hanging off a building

I walk a wire
I can't even see the ground, see the ground
Thank your mother
So lucky that I'm balanced now

I'm with the regulars
I'm with the regulars
Just like I never was
Just like I never was
But I'm outside

Oh, what a feeling
Hanging off a building
With the regulars

Oh, what a feeling
Hanging off a building
With the regulars

I got my reasons
Hanging off a building

With the regulars
(With the regulars) The regulars
(With the regulars) With the regulars
(With the regulars) With the regulars
With the regulars

Oh, what a feeling
Hanging off a building
With the regulars

Oh, what a feeling
Hanging off a building
With the regulars

I got my reasons
Hanging off a building
With the regulars
(With the regulars)
