

Stranger

Allie X

Everybody's stuck inside a body
Put your cover on and get outside
Boy shakes, girl quakes, everybody's a freak
Throw your diamonds into the night

Put your hands on your head
Did you hear what I said?
You can dance in the red
Go knock 'em dead
Put your hands on your head
Did you hear what I said?
You can dance in the red
Go knock 'em dead

Walkin' like a woman, talkin' like a man
Feeling like a stranger in a strange land
Don't know where I came from, don't know who I am
Feeling like a stranger in a strange land

Walkin' like a woman, talkin' like a man
Feeling like a stranger in a strange land
Don't know where I came from, don't know who I am
Feeling like a stranger in a strange land

Everybody's stuck inside a body

Put your hands on your head
Did you hear what I said?
You can dance in the red
Go knock 'em dead
Put your hands on your head
Did you hear what I said?
You can dance in the red
Go knock 'em dead

Walkin' like a woman, talkin' like a man
Feeling like a stranger in a strange land
