

# Super Duper Party People

Allie X

There's a man to the left with beer on his breath with his hands in a bowl o  
f nuts

There a lady in a hat with a Siamese cat and a really, really bouncy butt  
All the kids are prancing, laughing, dancing, getting their ducks in a row  
It's gonna be a big night with halogenic lights and a super-duperific glow

Ooh, all the girls and the boys on the dance floor  
And they lose all their heads to the groove of the record

Drink a little velvet so you get into the beat  
Strike a bolt of lightning and become a super freak

We're super duper  
We're the party troopers  
We don't need no bag of ice  
'Cause that's for party poopers  
Super duper  
We're the party troopers  
Uh-huh  
Uh-huh

Oh, Larry Green is handcuffed, orange like a cheese puff  
It's all in good fun  
Marcia's in the bathroom breathing in the bath fumes  
Something you and I have both done  
I got it in my mind, tonight I gotta find  
A Rockabilly kiss (Mwah)  
But I don't really care 'cause I got purple hair  
And they call me Little Miss Bliss

Ooh, all the girls and the boys on the dance floor  
And they lose all their heads to the groove of the record  
(Play the next chord)

Drink a little velvet so you get into the beat  
Strike a bolt of lightning and become a super freak

We're super duper  
We're the party troopers  
We don't need no bag of ice  
'Cause that's for party poopers  
Super duper  
We're the party troopers  
Uh-huh  
Uh-huh

Don't stop the music  
I don't wanna lose it  
My mind's polluted  
All I've got is the music

Don't stop the music  
I don't wanna lose it  
My mind's polluted  
All I've got is the music

Don't stop the music

I don't wanna lose it  
My mind's polluted  
All I've got is the music

Don't stop the music  
I don't wanna lose it  
My mind's polluted  
All I've got is the music

Super duper  
We're the party troopers  
We don't need no bag of ice  
'Cause that's for party poopers  
Super duper  
We're the party troopers  
Uh-huh  
Uh-huh

Don't stop the music  
I don't wanna lose it  
My mind's polluted  
All I've got is the music

Don't stop the music  
I don't wanna lose it  
My mind's polluted  
All I've got is the music

Don't stop the music
