Gone

Allison Iraheta

I find myself looking at someone I don't know.
I fight her reflection until I let go.
She tells me to feed off the poison I'm so- keep falling and fa
lling, get used to the cold.
And how can the heart be so eager to see,
all of those things that aren't easy to believe?

That's why I'm gone, don't turn me on,
there's nothing left in me, lost what's underneath, finally don
e-overrun-baby (yeah?) I'm gone.

Was you that was wrong, from now on,
there's no part of me that I can't see.
Honestly done-overrun-yeah I'm gone.

Tell me how do you sleep with the secrets you live?
The love that you take and the nothing you give?
You say I'm the only one that speaks to your soul- you're hidin
g the light while I'm out in the cold.
But I know my heart aches so eager to sleep, all of those lies
that aren't easy to believe.

That's why I'm gone, don't turn me on,
there's nothing left in me, lost what's underneath, finally don
e-overrun-yeah I'm gone.

Was you that was wrong, from now on, there's no part of me that
 I CAN'T see. Honestly done-overrun-yeah I'm gone.

Yeah you took the part of me, you took the part of me, and now
I'm gone and now I see:
It was you that was wrong!
It was you that was wrong!
Ohhhhh!!!!!!!

That's why I'm gone, don't turn me on, there's nothing left in
me, lost what's underneath, finally done-overrun-yeah I'm gone.
Was you that was wrong, and from now on, there's no part of me
that I CAN'T see.
Honestly done-overrun-yeah I'm gone.

(Finally gone) Yeah, finally gone, (That's why I'm gone) Ohh!!
(Finally gone) Yeah that's why I'm gone.
