

Something Special

Allison Iraheta

Too much pride to show a single tear
How many times can you try to end it all?
For all my life I've seen you as you are
A restless fire that's burning out before her time

May never get it all
Just learning as we fall far down
So deep into ourselves we cry for help
It's the best that we can do sometimes

Not everything you wanted
But it got that something
That something special
Might wanna think before you call it
You'll miss that something
Yeah that something special
Wake up, come on, wake up, come on home
Wake up, come on, wake up, come on home

You're not alone but you push yourself away
And do you know you hurt the ones you celebrate?
That's how you lose it all
But it's what we have to do sometimes

Not everything you wanted
But it got that something
That something special
Might want to think before you call it
You'll miss that something
Yeah that something special
Wake up, come on, wake up, come on home
Wake up, come on, wake up, come on home

It's not everything you wanted
Might think before you call it
Not everything oh oh oh
Not everything you wanted
Might think before you call it
But I'll always love you
Siempre te amare
Always love you

Not everything you wanted
But it got that something
That something special
Might wanna think before you call it
You'll miss that something
Yeah that something special
Wake up, come on, wake up, come on home
Wake up, come on, wake up, come on home

Wake up, come on, wake up, come on home
Wake up, come on, wake up, come on home
