

You Can't Take You Away from Me

Allison Iraheta

More than a feeling, more than a friend
You are more than anything that could ever end
I see your light fading away
I tell myself I'm not awake
I watch it all night
It must be a big mistake

Don't know where I'm going, cause you're where I've been
There's too much to lose here, I'm not giving in
You can't go
You can't leave
You can't go
You can't take you away from me
I don't know the way, babe
You can't go
You can't take you away from me

I don't want a memory
That doesn't make sense
And I don't need anything to help me forget
No, I'm not leaving you this way
They're not going to take my everything
I know deep inside, this must be a big mistake

Don't know where I'm going, cause you're where I've been
There's too much to lose here, I'm not giving in
You can't go
You can't leave
You can't go
You can't take you away from me

I don't know the way, babe
You can't go
You can't take you away
Oh, leaving me alone is not how this will go
You can't take you away
You can't go
You can't leave
You can't go
You can't take you away
I don't know the way, babe
You can't go
You can't take you away from me
You can't take you away from me
