

Easier To Forget

Allison Moorer

I've heard it said
Life leaves you memories that are precious
If that's true, it hasn't left me any yet
There are none that I've thought of I can cherish
For me it's easier to forget

Looking back is not the way to mend my heartache
Remembering only brings me regret
When I dig up the past, I find a love that didn't last
So for me, it's easier to forget

I'd hate to think these memories I've been given
Are the only ones I'm ever gonna get
Cause it hurts if I try to relieve'em
For me it's easier to forget

Looking back is not the way to mend my heartache
Remembering only brings me regret
When I dig up the past, I find a love that didn't last
So for me, it's easier to forget

For me it's easier to forget
