

## Get Low

Allison Ponthier

I get low, I get high  
I get angry and I never know why  
Almost burned it to the ground  
Almost burned the whole thing down

I get low, I get high  
I go crazy at the blink of an eye

Woah, woah

I get low, I get high  
Comes full circle another damn time  
Woah, woah  
I told myself I wouldn't show my teeth  
But I can't promise this isn't the real me

Woah, woah

You can't stop me when I feel it  
When I feel it, no  
You can't stop me when I feel it  
When I feel it, no

I get low, I get high  
Then I start again it  
Start again it start it

You can't stop me when  
I feel it  
When, I feel it, no  
White hot cheeks  
Throat aching  
From screaming  
Why am I always screaming, oh
