Allister

i've never understood
why i always think about it
and why it's always on my mind i don't know
i often wonder
if things are gonna change at all
Cuz now i get the closest when i'm all alone
cuz all i want
and all i need
could i please get from you
i just wanna get laid
don't care how much she costs
i just wanna get laid
every day and night
i just wanna get laid
don't care how good she looks
i just wanna get laid
tonight and every night for the rest of my life
i ain't got much
just pictures on my wall
it's not that much but it'll do
my friends all laugh
they have no symptahy
i guess i'll be the last one to screw
they say i'm scared
and unprepared
could i please learn from you
i just wanna get laid
don't care how much she costs
i just wanna get laid
every day and night
i just wanna get laid
don't care how good she looks
i just wanna get laid
tonight and every night for the rest of my life
i've never understood
why i always think about it
and why it's always on my mind i don't know
i often wonder
if things are gonna change at all
Cuz now i get the closest when i'm all alone
cuz all i want
and all i need
could i please get from you
i just wanna get laid
don't care how much she costs
i just wanna get laid
every day and night
i just wanna get laid
don't care how good she looks
i just wanna get laid
don't care how much she costs
i just wanna get laid
every day and night
i just wanna get laid
don't care how good she looks
i just wanna get laid
