

Ancient Light

Allman Brown

Oh...

That ancient light, weigh
Weigh on your shoulders
And the river of time

Love is all that's left to lose
Love is all that's left to lose

Lust, love, I'm not alone anymore
Lust, love, I'm not alone anymore
This ancient light
This ancient light

Ghosts
Their voices are resting
In your bones
And the river of time

Love is all that's left to lose
Love is all that's left to lose

Lust, love, I'm not alone anymore
Lust, love, I'm not alone anymore
This ancient light
This ancient light
This ancient light
This ancient light
