

# Miracles

Allman Brown

We're living in the echo  
Trying to make some noise of our own  
We're all searching for meaning  
Afraid to be alone

It's hard to know what matters  
Time is always running past us

All the things that had to happen  
To lead me to you  
Those commonplace overlooked miracles  
Couldn't see them before you  
The late train that brought us together  
Finding shelter from the rain  
Those commonplace overlooked miracles  
No longer cause me pain

Surrender to these moments  
They were secrets not long ago  
Stop chasing all the answers  
It's OK not to know

There's freedom in the madness  
Time is always running past us

All the things that had to happen  
To lead me to you  
Those commonplace overlooked miracles  
Couldn't see them before you  
The late train that brought us together  
Finding shelter from the rain  
Those commonplace overlooked miracles  
No longer cause me pain

All the things that had to happen  
To lead me to you  
Those commonplace overlooked miracles  
Couldn't see them before you  
The late train that brought us together  
Finding shelter from the rain  
Those commonplace overlooked miracles  
No longer cause me pain
