

## Do It 2 Me

### Allstar Weekend

I can feel your heart beat as we intertwine  
Like the beat of a million drums marching in line  
Everything is spinning  
Just in perfect time  
Yeah the music is finally coming alive  
The way your hair just dances through the breeze  
Any place you're going's where I wanna be  
And I know without you I'd be incomplete  
I want it, I need it, I'm begging you please

You do it  
You do it  
You do it to me

There's something 'bout the way you sleep  
When you're lying next to me  
I don't know how you do your thing, no  
But you do it  
You do it  
You do it to me, yeah [x3]

You can feel me tossing and turning  
Tell me I'll be alright  
And the flame from a million sparks has to ignite  
And the world of a boy and girl starts to collide  
Yeah, the fire is finally burning tonight  
I like it when your screaming woah-oh  
(Woah-oh-oh-oh-oh-oh)  
Backseat you're pinning me down  
(Oh-oh-oh-oh)  
I can feel your eyes and they undressing me  
I want it, I need it, I'm begging you please

You do it  
You do it  
You do it to me [x3]

There's something bout the way you sleep  
When you're lying next to me  
I don't know how you do your thing, no  
But you do it  
You do it  
You do it to me, yeah [x3]

The way you walk  
The way you talk  
The way you groove  
You're not afraid to move  
The way you shake  
Shake it down  
Mix it up

You know there's something 'bout the  
Way you live  
Way you laugh  
Way you love  
You're not afraid to woo!

The way you kiss  
Lick your lips  
Twist your hair

You know there's something bout the way you sleep  
When you're lying next to me  
I don't know how you do your thing

There's something bout the way you sleep  
When your lying next to me  
I don't know how you do your thing no,  
But you do it  
You do it  
You do it to me, yeah [x3]

The way you walk  
The way you talk  
The way you groove  
You're not afraid to move  
The way you shake  
Shake it down  
Mix it up

You know there's something 'bout the  
Way you live  
Way you laugh  
Way you love  
You're not afraid to woo!  
The way you kiss  
Lick your lips  
Twist your hair  
You do it to meee...
