

# I Was Born To Die With You

Allstar Weekend

Falling for you was never the issue  
It was finding time with all these things to do  
If you wait for me, then I'll wait for you  
'Cause I was born to die with you  
I was born to die with you

I met you at a weeding  
Now think that I'm in love  
Oh God I can't stop staring  
I just can't get get enough  
I got it bad, too bad for you  
You got me sprung and I'll spring too soon

When I'm on the road and I need you babe  
It's always worth the wait  
When I get home Imma rock you babe  
You and me in the golden days

Falling for you was never the issue  
It was finding time with all these things to do  
If you wait for me, then I'll wait for you  
'Cause I was born to die with you  
I was born to die with you

You met me when I was younger  
I was a little bit stupid then  
But one day I got smarter  
I begged you to take this dance  
Falling in love ain't hard to do  
But keeping in touch takes work my boo

When I'm on the road and I need you babe  
It's always worth the wait  
When I get home Imma rock you babe  
You and me in the golden days

Falling for you was never the issue  
It was finding time with all these things to do  
If you wait for me, then I'll wait for you  
'Cause I was born to die with you  
I was born to die with you

I'm leaving in the morning  
But I wanna keep you coming, oh  
Out of wedlock loving  
Like our forefathers done it  
Hold you tight, keep  
Holding you tight, yeah

Falling for you was never the issue  
It was finding time with all these things to do  
If you wait for me, then I'll wait for you  
'Cause I was born to die with you

Falling for you was never the issue  
It was finding time with all these things to do  
If you wait for me, then I'll wait for you

'Cause I was born to die with you  
I was born to die with you
