Land Of Make Believe

Stars in your eyes little one Where do you go to dream To a place we all know The land of make believe

Shadows tapping at your window Ghostly voices whisper Will you come and play Not for all the tea in China Or the corn in Carolina Never, never ever

* They're running after you babe

** Run for the sun little one
You're an outlaw once again
Time to change
Superman will be with us while he can
In the land of make believe

Something nasty in your garden's waiting Patiently 'til it can have your heart Try to go but it won't let you Don't you know it's out to get you Running, keep on running

Your world is turning from night to day Your dream is burning far, far away

Into the blue, you and I To the circus in the sky Captain Kidd's on the sand With the treasure close at hand In the land of make believe

In the land of make believe

(Run for the sun, run for the sun)

I've got a friend who comes to tea And no one else can see but me He came today, but had to go To visit you You'll never know
