

Emanate

Allt

Plug me into the world I belong to
The God of dreams has died and left us tomorrow
Plug me into the world I belong to
The God of dreams has died and left us tomorrow

We don't have time to even blink anymore
What if you miss something you wish you ignored?
Swallowed by the light, you thought it would kill the ache
You were amazed
But I transform

Washed away, feel the rain, fear the pain
Don't think you'll be forgotten
No one forgets you anymore, anymore

Now you listen to them sing
I hear, I hear them calling
With melodies of disbelief
I hear, I hear them calling me

And there is something that you wish you'd forgotten
You were amazed
(You thought) You thought that your design was so unique
But in the end you all will suffer the same

Now you listen to them sing
I hear, I hear them calling
With melodies of disbelief
I hear, I hear them calling me

Impossible to move (Move)
Impossible to think
Plug me in, plug me in, plug me in
You're trapped inside a dream (Dream)
Come back from the brink
Let go, let go
Of your suspended disbelief

You're in my realm
And I'll lead your race into decay
Oh, such an easy being
Oh, such an easy prey
Through the cracks I feed you
Until the day you
Overload

Plug me into the world I belong to
The God of dreams has died and left us tomorrow
(Tomorrow)

Now you listen to them sing
I hear, I hear them calling
With melodies of disbelief
I hear, I hear them calling me

I hear, I hear them calling me
