

## Stay

Allure

I keep coming back for more  
Keep my hand in the fire,  
sooner or later I get what I'm asking for  
no matter what you say about life,  
I learn every time I bleed the truth is a  
stranger soul is in danger  
I gotta let my spirit be free to..  
admit that I'm wrong and then change my mind  
sorry but I have to move on and leave you behind.
