

Dance It Off

Ally Brooke

You had me hooked on something
Leave me when it's working
Show up when I'm hurting
I should have seen it coming
The way you made me nervous
The pain it wasn't worth it

Every time I move to the left
Hear your voice little less
And I need to get you out of my head
And every time I move to the right
It's just me, myself and I
I know what I need to do to forget

Tonight Imma dance it off
Dancing until I forget your love
And I, I'll be moving on
Moving until all the love is gone

Tonight Imma dance it off
Dancing until I forget your love
And I, I'll be moving on
Moving until the love is gone

Gone, no more second chances
Broken hearts or sadness
I can't let you have it
And I'm sure you had your reasons
Messing with my feelings
Baby, now I'm healing

Every time I move to the left
Hear your voice little less
And I need to get you out of my head
And every time I move to the right
It's just me, myself and I
I know what I need to do to forget

Tonight Imma dance it off
Dancing until I forget your love
And I, I'll be moving on
Moving until all the love is gone

Tonight Imma dance it off
Dancing until I forget your love
And I, I'll be moving on
Moving until the love is gone

Imma dance it off
Imma dance it off
Imma dance it off
Oh oh
Imma dance it off
Imma dance it off
Imma dance it off
Oh oh

Tonight Imma dance it off
Dancing until I forget your love
And I, I'll be moving on
Moving until all the love is gone

Tonight Imma dance it off
Dancing until I forget your love
And I, I'll be moving on
Moving until the love is gone
