

# Misery

Ally Brooke

I kept all your voice messages  
As long as the machine would let me  
I kept every note, every letter  
Huh, call me crazy but I still read them everyday  
I still see your face everywhere  
I know it's kinda sad, huh  
I still make  
And I pretend it's all okay  
But no matter what I tell myself  
This still feels like misery

Yeah I know I promised to get over this  
So it's a million times I had enough of this  
And I moving on, couldn't be more wrong  
Cry a thousand tears as I write this song  
Yeah I know that I said I'd be alright  
Can't play tough no more 'cause I'm slowly dying inside  
If you're not the one, why can't I let go?  
I know life ain't fair, but this isn't living

Everytime I feel like letting go  
A part of me is holding, I'm not strong enough  
And it's getting tough to face you coming back  
This is how you break a heart  
This is what it feels like when you lose everything

I'll be gone, it's time for me to be letting you go  
Fate can't keep letting you control every move that I make  
Be gone, it's time for me to be letting you go  
Fate can't keep letting you control every move that I make  
Yeah, yeah, yeah

Yeah I know, to you it makes no sense  
You always thought that I was a little too intense  
That I feel too much, that I fall too fast  
Yeah sometimes some things are just not meant to last  
Well, I'm sorry to interrupt your date  
At this point I know I'm just getting in the way  
Yeah, you see, to leave just one last time  
Make it obvious, please, you were never mine

Everytime I feel like letting go  
A part of me is holding, I'm not strong enough  
And it's getting tough to face you coming back  
This is how you break a heart  
This is what it feels like when you lose everything

I'll be gone, it's time for me to be letting you go  
Fate can't keep letting you control every move that I make  
Be gone, it's time for me to be letting you go  
Fate can't keep letting you control every move that I make  
Yeah, yeah, yeah  
Yeah, yeah, yeah  
Yeah, yeah, yeah

But no matter what I tell myself  
This still feels like misery

Yeah, yeah, yeah  
Yeah, yeah, yeah  
Yeah, yeah, yeah
