ALMA

How many shots do you have to take to be an alcoholic?
How much shit do you gotta say to be psychotic?
How many teardrops? How many teardrops?
Is it gonna take for me to make another gin and tonic?

No, I'm not tryin' to make excuses
But I, I can't explain these bruises
No, I'm not sure how long I can do this
I'm not sure no more

Mama (mama)
I think I drank too much today, mama (mama)
I think all of my friends hate me, you gotta (gotta)
Promise you'll always forgive me, mama
Mama, mama
Mama (mama)
I think I drank too much today, mama (mama)
I really hate the way I feel, you gotta (gotta)
Promise you'll always forgive me, mama
Mama, mama

How many days is it gonna take to fix this headache?
How many hearts do I gotta break to make it better?
How many teardrops? How many teardrops?
Do I have to see so I don't feel so pathetic?

No, I'm not tryin' to make excuses
But I, I can't explain these bruises
No, I'm not sure how long I can do this
I'm not sure no more

Mama
I think I drank too much today, mama
I think all of my friends hate me, you gotta
Promise you'll always forgive me, mama
Mama, mama
Mama
I think I drank too much today, mama
I really hate the way I feel, you gotta (yeah, yeah, yeah, yeah)
Promise you'll always forgive me, mama
Mama, mama

(Mama
Mama
Gotta)

Mama
I think I drank too much today, mama
I think all of my friends hate me, you gotta
Promise you'll always forgive me, mama
Mama, mama

Mama
I think the city made me fake, mama
No more parties in LA, you gotta
Promise you'll always forgive me, mama
Mama, mama
