

Nightmare

ALMA

Your mom thinks I gave your sister some molly
She asked me if all I do is just party
She told me, "You're corruptin' my family"
She's only half right
I kissed a girl and it wasn't you, baby
It's not my fault that I'm second-hand faded
What makes it worse is that we both were naked
And that's only a half-night

Then you
Forgave me for everythin'
And you
Toasted me for all of my sins
And you
Bit me at the end of a kiss
And I fell in love some more

Woke up, it was just a dream
I know, I know (I know, I know)
Last thing, that you said to me
Whoa-oh, oh-oh:

You're a fuckin' nightmare
You're a fuckin' nightmare
(Whoa-oh, oh-oh)
You're a fuckin' nightmare

(Nightmare
You're a fuckin'-)

I'm a freak, yeah, I admit it, admit it
I got a heart under all of these stitches
You're the only one I know who can fix it
Make me better, kiss it

Can you
Forgive me for everythin'?
Can you
Toast me for all of my sins?
Can you
Bite me at the end of a kiss?
Till I fall in love some more

Woke up, it was just a dream
I know, I know (I know, I know)
Last thing, that you said to me
Whoa-oh, oh-oh:

You're a fuckin' nightmare
You're a fuckin' nightmare
(Whoa-oh, oh-oh)
You're a fuckin' nightmare

(Nightmare
You're a fuckin'- nightmare)

Oh-oh-oh-oh-oh

(You're a fuckin' nightmare)
Oh-oh-oh-oh-oh
(You're a fuckin'-)

Woke up, it was just a dream
I know, I know (I know, I know)
Last thing, that you said to me
Whoa-oh, oh-oh:

You're a fuckin' nightmare
You're a fuckin' nightmare
(Whoa-oh, oh-oh)
You're a fuckin' nightmare

(Nightmare
You're a fuckin'- nightmare
Nightmare)
