

One In A Million

ALMA

Rumor says, you got insane
When I turned my back on you and ran away
Headed for a better place
Where people live not only fight the pain
I heard the pretty girl still hates her face
She barely eats an apple in a day
I wish that I could tell her to stop
Rumor says it's easier
To get drugs out there than alcohol
I bet it's true

When I left you all behind
We said goodbye
Soon we'll meet up again
And I can't get peace of mind
Guess only one in a million wins

When I look out the street from my window
I don't see any of you around

Rumor says the local store
Crashed your dreams, now working at the mall
And our teacher won't teach no more
She's talking crazy on her Facebook wall
And the guy who used to bully me
For being gay, he went the other way
Hopefully he learned how to love
Some days I end up wondering
Who am I and where do I belong?
But I carry on

When I left you all behind
We said goodbye
Soon we'll meet up again
And I can't get peace of mind
Guess only one in a million wins

When I look out the street from my window
I don't see any of you around

Is there any
Is there any place for all
Is there any
Somewhere we can all fit
Is there any
Is there any place for all
Is there any
Somewhere we can all live

Is there any (is there any)
Is there any place for all
Is there any (is there any)
Somewhere we can all fit
Is there any (is there any)
Is there any place for all (I don't think so)
Is there any (I don't think so)

When I left you all behind
We said goodbye
Soon we'll meet up again
And I can't get peace of mind
Guess only one in a million wins
