Almah

Times of the new domination  
What is truth or lie?  
The power seeds the alienation  
Or is it just our mind?

Hidden message of degrading  
Keep the nations blind  
Consumers good just bring frustration  
(But) it makes you feel alive

You own your soul and mind  
You're free to touch the skies  
You'll know when you fell inside  
What's the meaning for your life

Believer  
Chase the evil with the power of your mind  
Believer  
They are trying at all costs to keep you aside  
All alone

Shadows of the egyptian ages  
Shadows of today  
Neglect all the information  
Keep the dreams away

They distract you into oblivion  
Heading to control  
Eye of horus  
Feed the system  
And take the food of soul

You own your soul and mind  
You're free to touch the skies  
You 'll know when you feel inside  
What's the meaning for your life

Believer  
Chase the evil with the power of your mind  
Believer  
They are trying at all costs to keep you aside  
All alone

Yeah

You'll know when you feel iside  
What's the meaning for your life

Believer  
Chase the evil with the power of your mind  
Believer  
They are trying at all costs to keep you aside  
All alone!
