

## Rescue

Almamegretta

Don't tell me you're there  
'cause I can't see you.  
Don't tell me you're with me  
I don't believe you  
A man needs a woman right  
Right by his side  
He needs the light  
so you'll be mine  
for good this time  
To save my life...

Rescue me I am in danger  
Don't tell me you're there  
All I need is you  
right next to me  
Rescue me
