

live forever

almost monday

You have five old messages, message one

San Diego in my head, I just keep playing pretend
I can't seem to find (Hey)
No sleep, on the phone, girl is back, I'm all alone
One more sleepless night

We could live forever
I'm thinking like together
Can't think of nothing better
Just me and you forever
Forever, forever

Forever
Forever

Mr. Ocean, where's your home? Take a picture, lost my phone (Hey)
I can't seem to find
Brooklyn City on my back, cruising on the G track
One more headless ride (Yeah, yeah, yeah)

We could live forever
I'm thinking like together
Can't think of nothing better
Just me and you forever
Forever, forever

Forever
Forever
Forever
Forever

From JFK, just a call away
You know that we can take it goin' day by day
From Lower East back to the Bay
You runnin' through my head, that beat goes on and on and
Yeah, yeah, it goes on forever
That beat goes on and on

We could live forever (Oh-oh-oh)
I'm thinking like together (Oh-oh-oh)
Can't think of nothing better (Oh-oh-oh)
Just me and you forever
Forever, forever

Forever
Forever
Forever
Forever
