almost monday

Man, I just slept on a couch
Wake up to heat in the south (yeah)
And I got a long night ahead (okay)
Sharing a room with my friends (room with my friends)
Shower then head to the pool
Wonder what they doing at school
I hope that they think that I'm cool
Told them the robe came for free
But nothing is free

So, I wait, wait, wait
Seattle to New York City
I know that something is missing

It's just another hotel room without you
Feels like I'm watching an eternal infomercial come through
My hotel room, parking lot view
This California King needs a queen
And, baby that's you
Check out my parking lot view

My window got smashed in
Insurance I cashed in
But I'm doing fine, I'm walking the line
Just like Johnny Cash did
I wanna be massive
Play to the masses
But it's hard to flex
When your Yeezys are fake
And your gold chains are plastic

So, I wait, wait, wait
London to Paris I'm dreaming
I'd take you with me believe it

But I'm still in a hotel room without you
Feels like I'm watching an eternal infomercial come through
My hotel room, parking lot view
This California King needs a queen
And, baby that's you
Check out my parking lot view
Check out my parking lot view

Feels like I'm watching, watching an infomercial come through
My hotel room girl
It's just another, It's just another
It's just another hotel room without you
Feels like I'm watching an eternal infomercial come through
My hotel room, parking lot view
This California King needs a queen
And, baby that's you yeah, yeah
Na na na na na na na na
Check out my parking lot view
This California King needs a queen
And baby that's you
