

sweet feelings

almost monday

December, remember
Sun coming up, but it's never enough
Daydreamin', wrong season
Take off my sweater, make me feel better

I just wanna go down the windy road
Where the trees lead to the water and we're chasing the sun

'Cause baby, I'm in need
So take me somewhere, somewhere close to the beach
Said baby, I'm in need
I wanna get back to the warm summer breeze
Warm summer breeze

Sweet feelings, repeatin'
Sand in our toes, take off our clothes, yeah
Cold water, I'll follow ya
Into the deep, don't fall asleep

I just wanna go down the windy road
Where the trees lead to the water and we're chasing the sun

'Cause baby, I'm in need
So take me somewhere, somewhere close to the beach
Said baby, I'm in need
I wanna get back to the warm summer breeze
Warm summer breeze
