

# tidal wave

almost monday

Nice to meet ya  
She's a barista  
She asked my name  
And it rattled my brain

We're moving fast  
Musta been luck  
Met on a Monday  
It was Friday in love

Turned into  
Your house  
On the couch  
Laying in your  
Summer blouse  
Bare feet  
Balcony  
Whatever  
We wanna be  
Bleach blond  
TV on  
Listen to your  
Favorite song  
These are the days

We're on a tidal wave  
We're on a tidal wave  
We can float away

(The way you surf on my mind)

Thick as thieves  
We're Bonnie and Clyde  
Baby, come and arrest me  
She's my partner in crime

I read the signs  
And I followed the path  
In the blink of an eye  
It's a photograph

We're back at  
Your house  
On the couch  
Laying in your  
Summer blouse  
Bare feet  
Balcony  
Whatever  
We wanna be  
Bleach blond  
TV on  
Listen to your  
Favorite song  
These are the days

We're on a tidal wave

We're on a tidal wave  
We can float away

Girl I want you around  
And I need you near me

Yeah I need you near me baby

(The way you surf on my mind)  
Yeah I need you near me
