

you look so good

almost monday

I wanna know, know, know, know what inside
I wanna feel something when I look in your eyes

Well, a part of me don't wanna rock the boat
Is it possible to just blow the smoke
Is there something missing 'cause you're always so cold
Such a shame

'Cause you look so good
Walkin' your dog through the neighborhood
I said you look so good
You should be a model, yeah, you know you should

'Cause you look so good
Got your hair done in Hollywood
I said you look so good
You could be star, yeah, you know you could

You gotta show, show, show, show me something real
You knew the town was gone so baby we should go all day (Oh)

Well, a part of me don't wanna rock the boat
Is it possible to just blow the smoke
Is there something missing 'cause you're always so cold
Such a shame

'Cause you look so good
Walkin' your dog through the neighborhood
I said you look so good
You should be a model, yeah, you know you should

'Cause you look so good
Got your hair done in Hollywood
I said you look so good
You could be star, yeah, you know you could

Too much lovin'
Not enough love
Too much lovin'
Not enough love
Too much talkin'
But you're not saying much
Too much fun
I can't tell you enough
