I'm a burning hot flame in a cold world
Ain't got no shame do whatever I wanna
Gonna raise my flag, let it unfurl
I demand respect when I stand with honor

They could try to take my crown
Cut me down and watch me fall
But I'll never hit the ground
No, I won't - mama said I'm a miracle

I'm classic material

Lone wolf in a concrete jungle
Ain't gotta show teeth they know I'm a savage (Don't run from ' nothing)
You can find me in a whole lot of trouble
When I'm out in these streets I'll be doing some damage

They could try to take my crown
Cut me down and watch me fall
But I'll never hit the ground
No, I won't - mama said I'm a miracle
