

# You Make Me Smile

Aloe Blacc

**Dm Dm/F C**  
You make me smile

**Dm**  
**Baby**

**Dm/F C**  
Uhm, you make me smile

**Dm**  
I think it's safe to say  
**C**  
things just haven't been going my way  
**Dm**  
No work coming in so my money's spent  
**C**  
and I still got bills to pay  
But all in all you been right here with me  
When I'm sinking, oh, you come through and lift me  
It's nothing more then the love that you give me  
keeps me from drowning in tears

**Dm**  
You make me smile  
**F**  
oh, you make me smile  
**C**  
You make me smile  
Come through and save the day

**Dm**  
you make me smile  
**F**  
you make me smile  
**C**  
you make me smile  
in a very special way

**Dm**  
Everywhere I go people seem to ask me  
**C**  
where I'd get my joy, why am I so happy  
**Dm**  
In these trying times when a frown is the fashion  
**C**  
I'm beaming like the sun now how can that be  
See the answer to the query is very simple  
I'm always grinning from dimple to dimple  
Because you love me unconditionally  
my happiness is heartsake, can't you see

**Dm**  
where do we go  
Can't you see when you're gone girl  
**C**  
When you gonna wait for me  
I just don't know what to do  
Don't know what to do  
**Dm**  
Everything about you girl

**C**

everything revolves around you

**Dm**

You make me smile

**F**

for makin' me smile

**C**

oh, you make me smile

came through and saved the day

**Dm**

you make me smile

**F**

you make me smile

**C**

you make me smile

in a very special way

you make me smile

you make me smile

you make me smile

love it how you made me hold my head up high

you make me smile

you make me smile

you make me smile

feel I got evolved in the sky

you make me smile

when nothing's going my way, what else can I say

you make me smile

when I can't see the light here you come shinin' bright

you make me smile

when everything's bad and I'm feelin' real sad

you make me smile

when I don't have the answers you always give me a chance to

you make me smile... smile... smile
