

Hello, Hello

Aloha from Hell

We were best friends, we were two of a kind
But I'm sayin' goodbye, this is the end
You open your mouth, girl you wanna be cool
You're such a drama queen, think you're a superstar

You lied about me, when there's nothing to say
A friend who talks shit
Is a friend you hope will just go away
You're so fly, go ahead and just lie
But I don't need it in my life

I trusted you once and you busted me twice
Now I'm gonna take my own advice
'Cause I'm so done what happened to you?
Shut the fuck up, so you can hear what I'm sayin'

Hello, hello - Yeah I'm talkin' to you
Hello, hello - I'm over you
Hello, hello - Yeah 'miss nose in the air'
I tried to help but you don't care
Hello, hello - Yeah I'm talkin' to you
Hello, hello - Go play the fool
Hello, hello . Sayonara baby
You are such a drama lady

You light up a smoke, who you tryin' to be now
The secret is out, you'll do anything
The party last night, lookin' like that
Staying up all night, you must be crazy
'Cause you hit on my guy
Like he's easy to take, just another mistake
Keep on tellin' me he won't go away
It won't last, I'll be kicking your ass
Someone's burnin' out real fast

I trusted you once and you busted me twice
Now I'm gonna take my own advice
'Cause I'm so done what happened to you?
Shut the fuck up, so you can hear what I'm sayin'

Hello, hello - Yeah I'm talkin' to you
Hello, hello - I'm over you
Hello, hello - Yeah 'miss nose in the air'
I tried to help but you don't care
Hello, hello - Yeah I'm talkin' to you
Hello, hello - Go play the fool
Hello, hello . Sayonara baby
You are such a drama lady

We once were such good friends
I don't know what happened to you
Now you wanna be sorry
But you ain't worth it
Why should I believe a drama queen like you?

Hello, hello - Yeah I'm talkin' to you
Hello, hello - I'm over you

Hello, hello - Yeah 'miss nose in the air'
I tried to help but you don't care
Hello, hello - Yeah I'm talkin' to you
Hello, hello - Go play the fool
Hello, hello . Sayonara baby
You are such a drama lady

Hello, hello ...

Let's out!
