Alok

It was a small step for a man
But a giant leap in my life
I think I found my promised land
All I knew changed overnight, [-] when

I fell in slow motion
Was pulled in to your orbit
Unworldly devotion
This feeling goes deeper than loving you

Than loving you
This love ain't new
Oh, I can't afford to lose
This feeling goes deeper than loving you

This feeling goes deeper than loving you
This feeling goes deeper than loving you

I fell in slow motion
Was pulled in to your orbit
Unworldly devotion
This feeling goes deeper than loving you

Than loving you
This love ain't new
Oh, I can't afford to lose
This feeling goes deeper than loving you

This feeling goes deeper than loving you
This feeling goes deeper than loving you
