

Keep Walking

Alok

We're walking till the sun starts to rise
We're walking till the day becomes the night
We're walking till we drink out alive

So drink with me tonight
Gonna be the best day of my life
Gotta figure it out just one more time
So drink with me tonight

So keep walking
They'll ref you every morning, yeah
Why stop running?
When you can keep walking, walking

So drink with me tonight
Gonna be the best day of my life
Gotta figure it out just one more time
So drink with me tonight
