

Monster

Alok

(In my head, in my mind
There's a monster, running wild)

Drive away
Let me hide away
I'm best friends with the beast
I got inside of me

So I drive away
Let me hide away
I'm best friends with the beast
I got inside of me

In my head, in my mind
There's a monster, running wild
He said, "Let me drive for a minute
Go hard, go fast, push the limit"

In my head, in my mind
There's a monster, running wild
He said, "Let me drive for a minute
Go hard, go fast, push the limit"

He said, "Let me drive for a minute
Go hard, go fast, push the limit"

Down down down, I need it
I got addicted to the way that I'm feeling
I'm going down down down, I need it
In me, so I'm free

Down down down, I need it
I got addicted to the way that I'm feeling
I'm going down down down, I need it
In me, so I'm free

In my head, in my mind
There's a monster, running wild
He said, "Let me drive for a minute
Go hard, go fast, push the limit"

In my head, in my mind
There's a monster, running wild
He said, "Let me drive for a minute
Go hard, go fast, push the limit"

In my head, in my mind
There's a monster, running wild
He said, "Let me drive for a minute
Go hard, go fast, push the limit"
