

Over Again

Alok

I'm on my own
Just tryna kick back
I'm on a high
You never liked that
Oh
I'd do it all over again
You wanna dance
I'm still at my place
Give me that glance
I'll be on my way
Oh I
I'd do it all over again
I'd do it all over again

You've got something special
I can't seem to let go
Oh I
I'd do it all over again
All the power you hold
All the ways it controls me
Oh I
I'd do it all over again

I see those eyes
They're so magnetic
You make the night so energetic
Oh
I'd do it all over again
These drinks are cheap
Were outta our heads
You're asking me
To spend the night in your bed
Oh I
I'd do it all over again
Again
Again
I'd do it all over again
Again
Again
Again
Again

You've got something special
I can't seem to let go
Oh I
I'd do it all over again
All the power you hold
All the ways it controls me
Oh I
I'd do it all over again
