

Summer's Back

Alok

Da-da-da, da-da-da
Da-da-da, da-da-da-da-da
Haha

Summer's back
It goes so fast
Make it last
Put your drinks on me
Summer's back
It goes so fast
We'll make it last
When it's you and me

I just wanna get a little sunshine
Feel a little warmer in the moonlight
Set my body free and let it run wild
'Cause I ain't leaving, not until my world's spinnin

Sunny
Tryna keep your cool, but there's just no way
You can't keep the cool up in a heatwave
I don't make them rules, no baby
My worries, my problem
Give it to me, I'll solve 'em, yeah

Summer's back
It goes so fast
Make it last
Put your drinks on me
Summer's back
It goes so fast
We'll make it last
When it's you and me

Like it's meant to be
When it's you and me

Summer's back
It goes so fast
We'll make it last
When it's you and me

Coming in, coming in, coming in, coming in, coming in, coming in, coming in
So high, so high
Coming in, coming in, coming in, coming in, coming in, coming in, coming in
So high, so high

Sunny
Tryna keep your cool, but there's just no way
You can't keep the cool up in a heatwave
I don't make them rules, no baby
My worries, my problem
Give it to me, I'll solve 'em, yeah

Summer's back
It goes so fast
Make it last

Put your drinks on me
Summer's back
It goes so fast
We'll make it last
When it's you and me

Like it's meant to be
When it's you and me

Summer's back
It goes so fast
We'll make it last
When it's you and me
