Bring Back the Noise

Alpha Wolf

Bring back the noise
I wanna hear your neck break (turn it up)
Bring back the noise
Where the fuck you at?
Time to rattle these speakers
Turn this shit up

Inside out, upside down
You'll never get rid of me now
In your sights, out of my mind
Run cause you can't hide

Run
You can run but you can't hide
Run
Cause you can't hide

Can you believe it?
We're sick and the hands still feeding
Thin the herd, trim the fat
It's the big bad, where my dogs at?

Bring back the noise
I wanna hear your neck break (turn it up turn it up)
Bring back the noise
Where the fuck you been?
Time to rattle these speakers
'Til your ears bleed

Am I too loud?
Am I too much?
Am I too loud?

I don't give a fuck
