

## Falsehood

Alpha Wolf

Stuck in this lost cause  
A world that's so grey  
You took the prophets eyes  
And lead in astray  
Now misguided  
And taught to betray  
You'll see my blackened heart  
Is nothing to be  
Betrayed

I'll break your fucking neck  
For all your mistakes  
Betrayed; betray  
The dawn of corruption  
Is in our wake  
Fuck your beliefs  
Worn by lies and deceit  
Your fictitious god  
Is no saviour now
