

# Half Living Things

Alpha Wolf

Stars in my eyes, I'm a spectacle  
In the back of my mind, where my senses choke  
Noise in my head where the voices repeat  
Burn it all to the ground and leave in the smoke

Disguised so well  
I don't recognise myself

Follow  
Follow the rabbit hole  
Leave your  
Skin at the door  
Enter  
Pick your poison  
Until you're begging for more  
Follow  
Follow the rabbit hole  
Leave your  
Skin at the door  
Enter  
Pick your poison  
Forget who you are  
Forget who you are

My head's in the clouds  
And it's raining acid again  
Feed the monster, twist your posture  
Cut the freak off the leash  
Crooked teeth, smile on my face  
Upside down, I don't know why I feel so high at the bottom  
If you want, I can take you there  
I bite the bullet, swallow the nitrate  
Break it down and regurgitate

Disguised so well  
I don't recognise myself
