I Am; Horror

Alpha Wolf

These voices in my head
These voices in my head
Within this padded cell
I'll never see the light again
I feel the darkness crawling in

Voices, the torment
I cannot escape
Hopeless and helpless
I'm going insane
These demons inside me
They fill me with rage
I cannot escape them
I'll never escape

These voices running through my head
You'll never understand
The darkness that lurks in my mind
I cannot keep it in

These voices running through my head
They''ll never understand
The darkness that lurks in my mind
I cannot keep it in

I'm losing my fucking mind

I'm insane and you're my insanity
But I'm not insane, No I'm not insane
I'm insane and you're my insanity
But I'm not insane, but I'm not insane

These fucking hauntings
Have got the best of me
They'll never fucking leave
I'll never fucking sleep

These fucking hauntings
Have got the best of me
They'll never fucking leave
I'll never fucking sleep

I am the one
The nightmare when you fucking sleep

I am the Anti-Christ

I am horror

My eyes are blackened
The darkness in me
I can't escape it
I can't escape
