

Pretty Boy

Alpha Wolf

Walk me on my knees
You're pretty bored, I'll be your pretty boy
Your broken toy, come play with me
Come play with me
You don't want to be here
You don't want to go home alone

From underneath your boot
You're really not that cute
Stupefied, ensnared, or enchanted
What's the name?
Is it mistress or master?
What's the name?
Call me whatever gets you there faster
Just don't call me after

You know where I'll be
You know what I know
You know what I mean
You know where to go

Surrender myself underneath you
It doesn't make sense, it doesn't need to

Sink into my neck
I can't bite back, I can't bite back
I'd spit in your face but I know that you like that
Your nails drag, your nails drag

I won't forget, so don't pretend
You weren't dripping down my neck when your soul left

Walk me inside your Shibari spider web of lies
So sweet, but not so nice

Surrender myself underneath you
Nothing makes sense when I'm with you

Sink into my neck
I can't bite back, I can't bite back
I'd spit in your face but I know that you like that
Your nails drag, write your name where your nails drag
