

Ward of the State

Alpha Wolf

Neglected, abused, unspoken, recluse
Neglected, abused, unspoken, recluse

I'm a ward of the state mother fucker

Neglected, abused, unspoken, recluse
Neglected, abused, unspoken, recluse

Misunderstood and misread
I just want my own bed
The brain scans will have you lost inside my head

Where is help? Where is my guidance?
Where is someone who'll show me where the light is?
Where is help? Where is my guidance?
Where is someone who'll show me where the light is?

These walls are not my home
I've never felt so alone
These walls are not my home
I've never felt so alone

I've never felt so alone
I've never felt so alone

I'm a ward of the state
