

## Crazyshow

Alphaville

Oh let me live  
In a non-stop Crazyshow  
From dawn to dusk  
On the meadows of happiness  
And your billion dollar smile rises up the horizon  
In a golden glow  
Just like the sun in some Crazyshow  
Crazy, crazy...  
And I'm dancing on the roof of your mind  
In a golden glow...

Go west, dreamcar, gas-mask, superstar  
War crime, sun sail, big time, blue whale  
Greatest love on TV, telecom, reality  
Drag queen, millionaires,  
Truth machine and teddybears,  
Boop-a-loola, genocides,  
Coke & coola, Northern lights  
Red bobs, ocean liner, big knobs, sweet Regina  
Black hole, serialkiller,  
Nat King Cole and wishfulfiller  
Oh let me live in a non-stop Crazyshow  
Oh let me live in a non-stop Crazyshow...  
And your billion dollar smile rises up the horizon  
In a golden glow  
Just like the sun in some Crazyshow  
Yes I can see you there (on the roof of your mind)  
Yes I can see you there (on the roof of your mind)  
Oh let me live  
In a non-stop Crazyshow  
From dawn to dusk  
On the meadows of happiness  
And your billion dollar smile rises up the horizon  
In a golden glow  
Just like the sun in some Crazyshow...
